

Attention: The location of the crankcase heater well has changed on Bitzer's 4C compressors

The crankcase heater well on the 4C compressor family has shifted from a side mount to a front mount as depicted in the following diagrams.

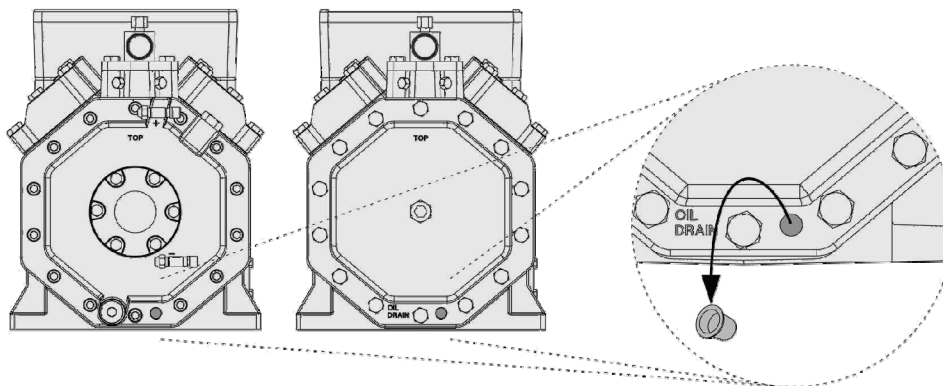

The 4C family includes the following compressor models:

Compressor Model Number
4C 1480
4C 1761
4C 2067
4C 2397

Old Mounting Position

New Mounting Position

Bitzer US, Inc.
